

Conterra Overview

Conterra Networks is a leading provider of premium bandwidth services and private fiber, microwave, and hybrid networks.

Since 2001, Conterra Networks has successfully served customers in rural and metropolitan areas in 22 states across the U.S. with a focus on education, healthcare, enterprise, government, and carrier wholesale industries.

We build, own, and operate customized carrier-class fiber and wireless network solutions to solve the challenges of scalability, congestion, and over-subscription, performance and reliability. Our customer-centric approach emphasizes collaboration to build high-quality, scalable solutions that meet your existing and future network needs.

States Served

22 states served
9,500 route miles of fiber
355,000 fiber miles
14,000+ licensed microwave route miles owned
524 wireless towers owned

Best-in-Class Customer Service

- **Our Commitment** — We operate with a single-minded focus on our customers, from the initial engagement through deployment and support.
- **Customer Portal** — Intuitive, Service Level Agreement (SLA) performance monitoring and assurance reporting tools provide real-time visibility in your network.
- **24x7x365 Network Monitoring** — Your mission-critical applications are backed by our Network Operations Center (NOC) and industry-leading Service Level Agreements (SLAs).

Experience & Strength

- We provide some of the most senior solution-oriented account teams in the industry and expert engineering specialized in designing high-performance networks.
- We are funded by one of the most experienced private equity firms, with approximately \$6-billion under management, and experienced in investing in complex network construction projects.

Conterra Networks delivers high-performance, high-bandwidth networks to metro and rural markets across the U.S. We design and operate flexible networks that enable limitless communications.

We believe our customers deserve the freedom to choose how to structure their network without compromising quality, speed, or service. Let Conterra Networks build the network solution that enables your business to grow without boundaries.
